Music Video of the Week *submitted by Demetri!*

Supercell - Kimino Shiranai Monogatari

A Japanese 11-member J-pop music group led by songwriter Ryo. The other 10 members are artists and designers who provide illustrations in album booklets and music videos. The popularity of their vocaloid synthesized songs led the group to release their independent self-titled album *Supercell* (2008).

Fun fact: Ending theme of *Bakemonogatari*. Also the group's highest selling single!
